WELCOME

Poole Joinery

Poole Joinery has built up its success on delivering complete customer satisfaction time after time. That's why we proudly adopted the slogan "The name you can trust". We have a team of dedicated installers that are highly trained and willing to go that extra mile. We always put our customers first and have built an excellent reputation for the high quality finish of our work.

Design Service

We have a team of design experts to ensure your dreams turn into reality. By utilising the latest software tools we can generate realistic views of your project before any work is carried out. We have the structural expertise to ensure our designs last and compliment your home and surrounding environment.

Survey

We will arrange a visit from our qualified surveyor in order to take detailed measurements and discuss the finer details of your windows and doors, whether they are French doors, Patio doors or Bi-folding doors. Once the survey has been completed our surveyor will liaise with our order processing department. They will then contact you to finalise the designs and book a suitable installation appointment.

Installation

When it comes to the installation of your windows and doors this is carried out with minimum fuss and disruption, but with maximum expertise. We never leave a job unfinished and we will always leave your home and garden clean and tidy after each day of work at your property. Once the installation is complete we will carry out a Final Inspection, review the work and check for anything that remains to be done or which requires further attention. Once all this is completed, you will be asked to sign off the installation.

We have a dedicated team of staff who are happy to answer any questions you might have, and between them have an enviable knowledge of all the products that we have on offer. They work with our fitting teams to make sure that you have the best experience possible, and that all of our installations are carried out professionally and proficiently.

10 Year Guarantee

We offer all of our customers complete peace of mind with our full and comprehensive 10 Year Guarantee, covering all of the frames, manufacturing, glazing and general workmanship.

- ✓ Available in a wide range of hand-picked woodgrain finishes

Cream Casement Window

FLUSH SASH uPVC WINDOWS

Our Flush Sash uPVC Windows combine the elegance and style of traditional timber with all the benefits of uPVC. This range is ideal for those who wish to add or improve the period features of their homes. Its unique, unrivalled, aesthetic appeal makes this range the most attractive suite of windows and doors on the market today.

SECURITY

There's no compromise when it comes to security. The bespoke locking keep has a useful night vent locking position, which gives great ventilation whilst maintaining your security.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing beads and multi point locking systems. To provide enhanced resistance to forced entry our windows can be fitted with a hinge protector device between the frame and the sash opener. Anti-bump, anti-snap key locking cylinders can be installed on all our doors to further enhance their security.

PERFORMANCE

To keep out the wind and rain we use our patented high performance, multifunctional weatherseals. The airtight seal this creates helps to maintain your comfort inside your home.

The Flush Sash dual seal is exceptionally watertight, with the added benefit of concealing any hardware. Any water that has found its way inside is quickly evacuated due to the intelligently designed integral drainage gutter.

CONSERVATION

Flush Sash windows look great in any surrounding, from country cottages to modern townhouses. Their subtle charm and elegance will transform your home.

If you live in a Conservation Area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved.

We have designed the Flush Sash Window and Door Collection with this in mind; replicating the appearance and style of traditional timber windows with features such as our authentic Wood Grain Finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning/conservation officer before proceeding with an installation.

FLUSH SASH uPVC WINDOWS

- ✓ Sleek slimline frames
- ✓ Dummy peg stay option
- ✓ Exquisite Georgian bar option
- ✓ Night vent facility
- ✓ Traditional ironmongery options

uPVC FRENCH DOORS

Anthracite Grey Sculptured Sash

OUTSTANDING INSULATION

With its unique high performance weatherseal and clever internal design, the uPVC French door provides superb thermal insulation and sound proofing (with the correct glazing configuration). Designed for compliance with Building Regulations, the uPVC French door offers long lasting benefits.

PROTECTION FROM ROGUE ELEMENTS

It's not just the weathering properties that make the uPVC French door an excellent choice. Its core design is compatible with the latest security specific hardware, making it a truly robust proposition to deter any game intruder. French doors can open in our out and are available in many style and colour options to match your preferred window choice.

SECURITY

Your family is your world and protecting them is an instinctive part of our nature. Protecting our material possessions is also important, so its good to know feeling safe and secure in our homes is as simple as choosing the right doors and windows. Our superior build quality combined with high security hardware gives you that peace of mind. Every effort has been made to ensure your new uPVC French door keep both your home secure and any undesirable element out.

FINEST QUALITY SLIDING AND PATIO DOOR HANDLES, DESIGNED TO CREATE A CONTEMPORARY FINISH, BOTH INSIDE AND OUT.

French Door Handle

- ✓ Stylish and sleek handles available in multiple colour options
- ✓ Available in zinc alloy, stainless steel and hybrid material configurations

If you're unsure as to which door handle would work best on your patio doors, get in touch with us and we'll help you select the right handle and locks if required for your doors.

ALUMINIUM LIFT AND SLIDE DOORS

SECURITY

A state-of-the-art multi-point locking system combined with an anti-lift design make these sliding doors some of the most secure on the market.

INSULATION

Our exclusively designed polyamide thermal break system and multi-chambered profile enables us to achieve industry-leading thermal performance in all our aluminium windows and doors. Combine this with high performance glazing and our sliding patio doors will help keep your house cosy and warm.

SAFETY

Class one safety glass (that complies with Building Regulations part K) is fitted as standard to all our doors, which means that if it breaks there are no dangerous shards of glass to worry about.

WEATHER PROOFING

A combination of multiple weather gaskets, brush strips and draft resistant interlocks between the door panels all help to keep out cold draughts. What is more, the closed door leaves slide around the frame on both sides for a really tight seal.

NOISE REDUCTION

Clever use of different materials in the frame combine with a range of architectural glazing options to provide some impressive noise reduction figures.

DESIGN OPTIONS

Choose from a comprehensive range of designs using one, two or even three tracks with multiple sliding doors. Our sliding doors come in industry-leading maximum sizes, maximising the glass area and giving you unobstructed views.

Aluminium window systems are low maintenance

Once fitted, the only maintenance aluminium window systems require is an occasional clean with a damp cloth. They will not rot, rust, or ever need repainting. Fitting a bespoke aluminium window system will not only keep your house looking good, it will keep repair work to an absolute minimum. Simply install them, then sit back and enjoy your home and garden without any further fuss.

New smooth composite door finish

GRP COMPOSITE DOORS

Manufactured using high quality door panels, the durable composite core is popular among homeowners looking for excellent thermal and sound insulation, as well as superior security.

THERMALLY EFFICIENT GLASS WITH ADDED PERFORMANCE

As energy costs continue to rise, choosing a door that keeps in the heat and keeps out the cold is now more important than ever – and composite doors are the most energy efficient on the market today. The performance of the door is achieved by a combination of the latest technologies which include the glass elements.

ACCESSORIES

A fine selection of beautiful accessories to perfectly complement your choice of door. Whether modern or traditional you will find an accessory to really make your door stand out.

-  LOW MAINTENANCE DOORS
-  SUPERIOR THERMAL EFFICIENCY
-  DESIGNED AND BUILT IN THE UK
-  UNLIMITED COLOUR OPTIONS
-  FLEXIBLE & FRIENDLY CUSTOMER SERVICE

TIMBER ALTERNATIVE WINDOWS AND DOORS

The perfect view from your home.

The Timber Alternative window system is designed to replicate 19th Century timber windows, but fuses traditional aesthetics with modern materials to create a window that is both elegant and energy efficient.

The perfectly flush exterior recreates a true timber alternative aesthetic, whilst the interior is stylishly decorative, creating a classic home feel. The modern material is virtually maintenance free; no painting or staining required. Cleaning your windows needs minimum effort meaning they look newer for longer, leaving you time to do more of the things you love.

Timber Alternative windows are designed to suit properties from old to new and you can create them entirely to your own taste or to suit your property.

We offer a huge variety of colours, hardware options, and features such as Georgian Bar and butt hinges, that will make your Residence 9 windows completely unique and add a touch of elegance to your home.

Superb performance Lower energy bills

Our Timber Alternative windows outperform many other window systems due to the combination of sophisticated design, innovation and technological advancements.

You can choose from highly efficient double or triple glazed units, attaining U-values of 0.8 with triple glazing, PassivHaus Standard, and 1.2 with double glazing, far surpassing the British Building Regulation requirements. All of this contributes to lower energy bills, keeping you cosy in the winter and cool in the summer.

- ✓ Ideal for use in cottages, town houses and period properties
- ✓ Accommodates 28mm double or 48mm triple glazing
- ✓ Every window can be customised including style colour and hardware
- ✓ Mechanical joints for a truly authentic looking window
- ✓ Traditional range of colours and wood effect finishes
